

2011 Assembly Comments

From Adults....

"I was very impressed with the speakers this year. The students responded well and remained attentive the entire time. I feel these presentations are very important and make a true impact on the students. It would be great to have something like this at the beginning of the year as well as the 2nd semester."

Sarah Cline, 8th Science Teacher, Houston MS

"It was a good program that relayed an important message to our kids. I think using athletes to present allows more students to relate. The program was also a lot of fun. Good Job!"

Presley McMahan, Sunray High School

"I thought the speakers this year were great (the best you have ever had). They related to our kids, made it exciting, delivered the subject matter in pin-point fashion. We had positive comments from all kids."

Sonia Hawkins, Assistant Principal, Mann MS

"Thanks so much for sharing your worth the wait program with us at Travis. It was such an amazing program. The kiddos left uplifted, responsive, and chanting. Again, amazing program. Thanks."

Shelia Howard, Art Teacher, Travis MS

"Thank you for bringing Keith – it was amazing and I appreciated how he connected with my kids right off. Best assembly ever!! Thanks for your hard work and dedication to our kids!!"

Tausha Robinson, Assistant Principal, Travis MS

"I have been involved with WTW from the beginning and this presentation by far was the best ever. This was evident by our student's actions and reactions."

Arlene Jackson, Teacher, Mann MS

"The speakers WTW used this year were exceptional. These gentlemen, both ex-professional football players, brought the message of abstinence to the students in a very meaningful way. They were good at presenting the information with humor, without crossing any professional boundaries."

Teacher, Amarillo ISD

"Our assembly was outstanding. I know it touched many students. In fact, I had a teacher ask if we had a video of the whole assembly so that her absent student could view it."

Counselor, Amarillo ISD

"The assembly for 2010-2011 school year was the best ever. Keith Davis connected with our students in a tangible way. He was real and genuine – our students responded wonderful to that attitude. Worth the Wait has been diligent to pursue relevant, powerful speakers for our kids and they get better each year. Looking forward to what's ahead!"

Principal, Amarillo ISD
